RECORD OF TOWN MEETINGS

SPECIAL TOWN MEETING HELD MARCH 10TH, 1930, AT 7 P. M.

The Meeting was called to order at 7.12 p. m. by the Moderator and the Warrant and the Return of the Constable was read by the Town Clerk.

Article 1. To choose a Moderator to preside at said meeting.

As the Town elected a Moderator on the Official Ballot on March 3rd, thus carrying out the vote of the Town, March 11, 1929, a motion was made by C. H. Russell that action on **Article 1** be indefinitely postponed and the motion was carried.

Art. 2. To see if the Town will vote to raise and appropriate a sum of money for the general expense of the School Department, or what action it will take thereon.

On motion by Franklin W. Freeman, it was voted that the Town raise and appropriate the sum of $38,200.00 for the general expense of the School Department.

The purpose for which the meeting was called having been accomplished, a motion by John Ward that the meeting be dissolved, was carried, the hour being 7.20 o'clock.

FREDERICK I. WILKINS,
Town Clerk.

ANNUAL TOWN MEETING HELD MARCH 10TH, 1930 CALLED AT 7.30 P. M.

The meeting was called to order by the moderator at 7.35 o'clock.

It was voted on motion by G. W. Peavey that the reading of the Articles in the warrant be omitted.

The call for the meeting and the Constables return was read by the Town Clerk.

Article 1. To choose a Moderator to preside at said meeting. The Moderator having previously qualified, on motion by C. H. Russell it was voted to indefinitely postpone Article 1.

Article 2. To act upon reports of town officers and special committees as published.

Motion by M. H. Doremus that the reports of the town officers be accepted, was carried.

Franklin W. Freeman reported for the Committee appointed at the last annual meeting March 11, 1929, to consider the needs of the Fire Department.

On motion by George H. Bancroft it was voted to accept the report.

Peter J. Walsh reported for the Committee appointed at the last annual meeting March 11, 1929, to investigate the condition of Old Meeting House at the Centre, and to report not later than this meeting, on the advisability and cost of restoring it as nearly as possible to its condition prior to its use as a Chemical House.

The Committee reported the estimated cost of such restoration was made by three different contractors, the figures being $1,800, $3,500 and $3,800 but the Committee is not prepared to make a recommendation at this time.

G. W. Peavey's motion to accept the report of the Committee, was carried.

Mary F. Bowen reported for the Committee appointed at the Special Meeting held November 15, 1929 to revise the salaries of the town officers and to report their recommendations.

The Committee recommended the following changes, all other town officers' salaries or compensation to remain unchanged.

Selectmen, $200 each and $50 additional for chairman (See action under Article 5). Treasurer, $500. Tax Collector, $500. Accountant. $600. Registrars, $15 each. Town Clerk, $250. Building Inspector, $150. Inspector of Milk and Sanitation, $25. Sealer of Weights and Measures, $75. Inspector of Barns and Animals, $50.

Motion by N. B. Todd that the report of the Committee be accepted, and presented to the voters for their information, was carried.

Art. 3. To choose all Town Officers not required to be chosen by ballot.

Voted on motion by John Ward, that James D. McNamara, Daniel J. McCarthy and Joseph F. Smith serve as field drivers, Joseph F. Smith as pound keeper, George M. Roundy, William E. Roundy and Albert G. Tedford as wood measurers.

On motion by G. H. Bancroft it was voted that the Selectmen act as fence viewers.

Article 4. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1931 and to issue a note or notes therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of the financial year beginning January 1, 1931.

Voted: On motion by C. H. Russell that the Town adopt the article as printed.

Art. 5. To see if the Town will vote to raise and appropriate a sum of money to cover the expense of the General Government of the Town, viz.: Town Officers' salaries and expenses, care of municipal buildings, elections, and registrations, or what action it will take thereon.

Motion by N. B. Todd to raise and appropriate $8,500.00 to carry out the purposes of the article, salaries to be as recommended by the Committee on Revision of Salaries, was amended by R. E. Cox that the salaries of the Selectmen shall be $200.00 each, that they be authorized to use $50.00 for the services of a clerk.

The motion as amended was unanimously carried.

Art. 6. To see if the Town will vote to raise and appropriate a sum of money to cover the expense of the Police Department, or what action it will take thereon.

On motion of R. E. Cox, it was voted that the Town raise and appropriate $4,730.00 to cover the expense of the Police Department.

Art. 7. To see if the Town will vote to raise and appropriate the sum of $3,500.00 for the maintenance expense of the Fire Department, or what action it will take thereon.

Motion by John Ward, that the Town vote to carry out the purposes of articles 36, 37, 38 and 39 and raise and appropriate the sum of $97.50 to care for the additional expense, was carried.

Art. 40. To see if the Town will vote to raise and appropriate the sum of $300.00 to be used by the Board of Selectmen in settlement of claims for damages for the taking of land on three corners of Main and Lowell Streets in connection with the widening and relocating of said streets, or what action it will take thereon.

Motion by A. L. Hayward, that the Town vote to raise and appropriate the sum of $300.00 to be used by the Board of Selectmen, in the settlement of claims for damages for the taking of land at three corners of Main and Lowell Streets, in connection with the widening and relocating of said streets, was carried.

Art. 41. To see if the Town will vote to raise and appropriate the sum of $1,148.12 to be used to indemnify two firemen for expenses and damages sustained on or about July 4, 1929 as authorized by Chapter 41 of the General Laws and Acts in amendment thereof, $323.99 of above amount to be used to reimburse the Compensation Fund for expenses paid during 1929, or what action it will take thereon.

Voted: On motion by W. W. Moxham, that the Town raise and appropriate the sum of $1,148.12 to be used to indemnify two firemen for expenses and damages sustained on or about July 4, 1929, as authorized by Chapter 41 of the General Laws and Acts in amendment thereof, $323.99 of above amount to be used to reimburse the Compensation Fund for expenses paid during 1929.

Art. 42. To see if the Town will vote to raise and appropriate the sum of $1,500.00 to pay for the Town's part of the purchase of a traffic signal light at the junction of Salem Street and Newburyport Turnpike, or what action it will take thereon.

Voted: On motion by A. L. Hayward, that the Town raise and appropriate the sum of $1,500.00 to pay the Town's part of the purchase of a traffic signal light at the junction of Salem Street and Newburyport Turnpike.

Art. 43. To see if the Town will vote to raise and appropriate the sum of $375.00 to be expended by the Selectmen, in the purchase of additional seats for the Town Hall, or what action it will take thereon.

Voted: On motion by W. W. Moxham, that the Town raise and appropriate the sum of $375.00 to be expended by the Selectmen in the purchase of additional seats for the Town Hall.

Art. 44. To see if the Town will vote to raise and appropriate the sum of twelve hundred dollars, to install fourteen additional windows in the South School, and paint the outside surface of the same building, or what action it will take thereon.

Voted: On motion by G. A. Cornet that action on Article 44 be indefinitely postponed.

Art. 45. To see if the Town will vote to appropriate the sum of $15,000.00 for the remodeling of Chemical House No. 2, this amount to be raised as follows: $3,000.00 in the 1930 tax levy, and the balance on four notes of $3,000.00 each, one note maturing each year for four years, or what action it will take thereon.

F. W. Freeman made a motion that the Town adopt the recommendations of the Finance Committee, that $15,000.00 be raised; $3,000.00 in the 1930 levy, balance by four notes for $3,000.00 each, maturing one each year, was amended by John Ward, that $1,000.00 be raised in 1930 tax levy, and the balance be raised, $1,000.00 each year for 14 succeeding years, and the amendment was accepted by F. W. Freeman.

G. A. Cornet offered as an amendment, that the matter be laid upon the table and a committee be appointed to investigate the needs and requirements of the Fire Department in South Lynnfield, the committee to make their report at a special meeting within 90 days.

Voted: On an amendment by Winifred M. Killoran that the article be laid upon the table until further investigations can be made and the voters can be better informed.

Art. 47. To see if the Town will vote to raise and appropriate the sum of $200.00 for the purpose of providing an office and equipment for the Board of Assessors, or what action it will take thereon.

Voted: On motion by G. H. Bancroft, that the Town raise and appropriate the sum of $200.00 for the purpose of providing an office and equipment for the Board of Assessors.

Art. 48. To see if the Town will vote to raise and appropriate the sum of $200.00 to be expended under the direction of the Lynnfield Committee for the celebration of the Tercentenary of the Bay State Colony, or what action it will take thereon.

Voted: On motion by John Ward, that the Town raise and appropriate the sum of $200.00 to be expended under the direction of the Lynnfield Committee for the celebration of the Tercentenary of the Bay State Colony.

Art. 49. To see if the Town will vote to raise and appropriate the sum of $1,700.00 to be used by the Fire Department, to provide for an increase in the manual strength of the department and for the purchase of replacement hose, both required by the New England Fire Insurance Exchange, or what action it will take thereon.

Motion by H. A. Haskell that action on the article be indefinitely postponed, was lost.

Wallace H. Storey made a motion that the Town vote to raise and appropriate the sum of $1,700.00 to be used by the Fire Department to provide for an increase in the manual strength of the department and the purchase of replacement hose; both required by the New England Fire Insurance Exchange.

Motion was amended by W. W. Moxham, that the sum of $500.00 be raised and appropriated for said purpose. Amendment was lost.

The original motion was then acted upon and was defeated.

Art. 50. To see if the Town will vote to raise and appropriate the sum of $25.00 to be used by the Moth Superintendent in the suppression of Satin Moths on Parsons Avenue and other trees so infested, or what action it will take thereon.

Voted: On motion by G. A. Cornet, that the Town raise and appropriate the sum of $25.00, to be used by the Moth Superintendent in the suppression of Satin Moths on Parsons Avenue, and other trees so infested.

Art. 52. To see if the Town will vote to adopt a Traffic Ordinance, as proposed by the Lynnfield Branch of Governor Allen's Street and Highway Safety Committee and approved by the Department of Public Works, or what action it will take thereon.

Motion by G. W. Peavey that the Traffic Ordinance be read section by section for action, was not carried.

Mr. Peavey made a motion that the Traffic Ordinance be adopted without being read and it was so voted.

Art. 53. To see if the Town will raise and appropriate a sum of money to be expended by the Selectmen in the restoration to its original condition, so far as will be practical of the Old Meeting House so called, or what action it will take thereon.

Voted: On motion by John Ward, that action on the article be indefinitely postponed.

The meeting was dissolved at 10 o'clock P. M., all articles on the warrant having been disposed of.

FREDERICK I. WILKINS,
Town Clerk.

QUESTION NO. 1

PROPOSED AMENDMENT TO THE CONSTITUTION

Article XXI of the articles of amendment is hereby annulled and the following is adopted in place thereof:

Article XXI. In the year nineteen hundred and thirty-five and every tenth year thereafter a census of the inhabitants of each city and town shall be taken and a special enumeration shall be made of the legal voters therein. Said special enumeration shall also specify the number of legal voters residing in each precinct of each town containing twelve thousand or more inhabitants according to said census and in each ward of each city. Each special enumeration shall be the basis for determining the representative districts for the ten-year period beginning with the first Wednesday in the fourth January following said special enumeration; provided, that such districts as established in the year nineteen hundred and twenty-six shall continue in effect until the first Wednesday in January in the year nineteen hundred and thirty-nine.

The house of representatives shall consist of two hundred and forty members, which shall be apportioned by the general court, at its first regular session after the return of each special enumeration, to the several counties of the commonwealth, equally, as nearly as may be, according to their relative numbers of legal voters, as ascertained by said special enumeration; and the town of Cohasset, in the county of Norfolk, shall, for this purpose, as well as in the formation of districts as hereinafter provided, be considered a part of the county of Plymouth; and it shall be the duty of the secretary of the commonwealth to certify, as soon as may be after it is determined by the general court, the number of representatives to which each county shall be entitled, to the board authorized to divide such county into representative districts. The county commissioners or other body acting as such or, in lieu thereof, such board of special commissioners in each county as may for that purpose be provided by law, shall, within thirty days after such certification by the secretary of the commonwealth or within such other period as the general court may by law provide, assemble at a shire town of their respective counties, and proceed, as soon as may be, to divide the same into representative districts of contiguous territory and assign representatives thereto, so that each representative in such county will

represent an equal number of legal voters, as nearly as may be; and such districts shall be so formed that no town containing less than twelve thousand inhabitants according to said census, no precinct of any other town and no ward of a city shall be divided therefor, nor shall any district be made which shall be entitled to elect more than three representatives. The general court may by law limit the time within which judicial proceedings may be instituted calling in question any such apportionment, division or assignment. Every representatve, for one year at least immediately preceding his election, shall have been an inhabitant of the district for which he is chosen, and shall cease to represent such district when he shall cease to be an inhabitant of the commonwealth. The districts in each county shall be numbered by the board creating the same, and a description of each, with the numbers thereof and the number of legal voters therein, shall be returned by the board, to the secretary of the commonwealth, the county treasurer of such county, and to the clerk of every city or town in such county, to be filed and kept in their respective offices. The manner of calling and conducting the elections for the choice of representatives and of ascertaining their election, shall be prescribed by law.

Article XXII of the articles of amendment is hereby annulled and the following is adopted in place thereof.

Article XXII. Each special enumeration of legal voters required in the preceding article of amendment shall likewise be the basis for determining the senatorial districts and also the councillor districts for the ten year period beginning with the first Wednesday in the fourth January following such enumeration; provided, that such districts as established in the year nineteen hundred and twenty-six shall continue in effect until the first Wednesday in January in the year nineteen hundred and thirty-nine. The senate shall consist of forty members. The general court shall, at its first regular session after the return of each special enumeration, divide the commonwealth into forty districts of contiguous territory, each district to contain, as nearly as may be, an equal number of legal voters, according to said special enumeration; provided, however, that no town or ward of a city shall be divided therefor; and such districts shall be formed, as nearly as may be, without uniting two counties, or parts of two or more counties, into one district. The general court may by law limit the time within which judicial proceedings may be instituted calling in question such division. Each district shall elect one senator, who shall have been an inhabitant of this commonwealth five years at least immediately preceding his election, and at the time of his election shall be an inhabitant of the district for which he is chosen; and he shall cease to represent such senatorial district when he shall cease to be an inhabitant of the commonwealth.

QUESTION No. 1

PROPOSED AMENDMENT TO THE CONSTITUTION

Shall an amendment to the constitution relative to the apportionment of senatorial, representative and councillor districts, further described as follows:

The proposed amendment of the Constitution provides for the annulment of Article XXI of the Articles of Amendment of the Constitution and the substitution therefor of a new Article XXI, and for the annulment of Article XXII of the Articles of Amendment of the Constitution and the substitution therefor of a new Article XXII. The proposed amendment embodies in substance the following changes in and additions to said Articles XXI and XXII:

1. In proposed Article XXI, towns of twelve thousand inhabitants or more may be divided in forming representative districts. No precincts, however, in such towns may be divided. In taking the census the special enumeration of legal voters shall specify the number residing in each precinct of such towns. Under existing Amendment XXI no town may be divided and no specification of the number of voters in a precinct is required.

2. The division of a county into representative districts and the apportionment of representatives to districts therein is to be made by "The county commissioners or other body acting as such or, in lieu thereof, such board of special commissioners in each county as may for that purpose be provided by law, . . ." Under Article XXI as it now stands the division and apportionment is made by "The mayor and aldermen of the city of Boston, the county commissioners of other counties than Suffolk,—or in lieu of the mayor and aldermen of the city of Boston, or of the county commissioners in each county other than Suffolk, such board of special commissioners in each county, to be elected by the people of the county, or of the towns therein, as may for that purpose be provided by law, ..." The time for assembling of such commissioners, board or body for the purpose of making such division and apportionment is also changed, from the first Tuesday of August next after each assignment by the Legislature of the number of representatives to each county, to a time within thirty days after certification by the Secretary of the Commonwealth to such commissioners, board or body of the number so assigned, or within such other period as the General Court may by law provide.

3. Under the proposed Articles, each special enumeration shall be the basis for determining the districts, senatorial, representative and councillor, for the ten-year period beginning in the fourth January following said special enumeration and the present division of districts is to remain in effect until January, 1939. Under the existing amendments the ten-year period is the period between the taking of each census. (Thus, the next redivision based upon the next census in 1935 would, under the proposed Articles, affect those elected in 1938 to hold office beginning in January, 1939, instead of affecting those elected in 1936 to hold office beginning in January, 1937. Under existing amendments representation of newly created districts begins in January of the second year after each ten-year census, whereas under the proposed article it would begin in January of the fourth year thereafter.) The number of representatives (240), senators (40), and councillors (8) is not changed.

4. The Legislature may limit the time within which a division of representative, councillor or senatorial districts may be questioned by judicial proceedings. The existing amendments contain no provision that itself limits or authorizes the Legislature to limit such time.

RECOUNT OF VOTES CAST FOR REPRESENTATIVES IN GENERAL COURT

A petition being filed asking for a recount of the votes cast for Representatives in General Court, Nov. 4, 1930, as provided by Chapter 54 of the General Laws, a recount was held Wednesday, November 12, 1930, at 8 o'clock P. M. in the Town Hall.

Those assisting in the recount included the Board of Registrars and Clarence A. Hall, Clerk of the Election Officers in Precinct 1. The candidates or their representatives were present.

The recount showed a loss of one vote for Fred A. Hutchinson, two for Daniel J. O'Connor, Jr., fourteen for C. F. Nelson Pratt, and a gain of one vote for Michael H. Cotter, one for Tony A. Garofano, and four for Harriett Russell Hart.

The result of the recount follows:

SPECIAL TOWN MEETING HELD DECEMBER 16, 1930

The meeting was called to order at 8 o'clock by the Moderator and the warrant and Contables' return were read.

Article 1. To see if the Town will vote to appropriate a sum of money to care for the expense of the Fire Department for the balance of the year, or what it will do about it.

A motion was made by G. W. Peavey, that $1,000.00 be appropriated from the Excess and Deficiency Fund to the use of the Fire Department to care for the expense for the balance of the year, and it was so voted.

Article 2. To see if the Town will vote to appropriate a sum of money for the use of the School Department, or what it will do about it.

On motion by C. A. Studley it was voted to appropriate the sum of $200.00 from the Excess and Deficiency Fund, for the use of the School Department.

Article 3. To see if the Town will vote to appropriate the sum of $250.00 for the Reserve Fund, or what it will do about it.

Voted: On motion by N. B. Todd, to transfer $250.00 from the Excess and Deficiency Fund, to the Emergency Fund.

Article 4. To see if the Town will vote to amend the zoning by-laws by changing from a residence district to a business district, that portion of the Town on Salem Street now a residential district, from a line commencing at the northwest corner of Salem Street by the Saugus River, running east along Salem Street, a distance of 870 feet; thence south by land owned by Montrose Greenhouse, Inc., a distance of 867 feet; thence west by land owned by the Montrose Greenhouse, Inc.; a distance of 765 feet; thence north, running along the Saugus River, a distance of approximately 1100 feet to the point begun at, or to see what action it will take thereon.

Motion by R. E. Cox, that action on the Article be indefinitely postponed, was withdrawn, and a motion by P. J. Walsh, that the Town vote to amend the zoning by-laws, by changing from a residence district to a business district, that portion of the Town on Salem Street, now a residential district, as defined in Article 4 was unanimously carried.

Article 5. To see if the Town will vote to amend the building by-laws, or which otherwise may be known as, "building regulations" as were adopted on March 8th, 1926, by adding the words to Section 2 thereof, "all buildings which are erected, which are to be used or erected to be used for residential purposes, shall be erected upon foundation walls composed of either stone or cement"; so as Section 2 shall read as follows:

All buildings which are erected, which are to be used or erected to be used for residential purposes, shall be erected upon foundation walls composed of either stone or cement, foundation walls of buildings hereinafter erected, if built of stone, shall be no less than sixteen inches (16 in.) thick and laid in good strong lime and cement mortar; if concrete foundation is used, it shall be ten to twelve inches thick below grade, depending on size and weight of structure resting thereon, and no less than eight (8) inches thick above grade in no case shall the mixture be less than 1-2-5, or to see what action it will take thereon.

R. E. Cox's motion to adopt the article as printed, was amended by G. W. Peavey as follows: "All buildings which are erected, which are to be used or erected to be used for residential purposes, shall be erected upon foundation walls composed of either stone or cement or brick, foundation walls of buildings hereinafter erected, if built of stone shall be no less than sixteen (16 in.) thick and laid in good strong lime and cement mortar; if concrete or brick is used, it shall be twelve inches thick below grade, depending on size and weight of structure resting thereon, and no less than eight (8) inches thick above grade; in no case shall the mixture be less than 1-2-5;" and it was voted unanimously.

The meeting was dissolved at 8.45 P. M.

FREDERICK I. WILKINS,
Town Clerk.

PERAMBULATION OF TOWN LINE, OCT. 16, 1930
BETWEEN LYNNFIELD AND LYNN FOR THE YEAR 1930

In compliance with Chapter 42 Section 2, of the General Laws. and with an invitation from the City Clerk of Lynn, the Board of Selectmen met a delegation of the Lynn City Government at a granite monument, marking the Lynnfield and Saugus line on Broadway, Lynnfield, Oct. 16, 1930, and proceeded to view the markers between Lynn and Lynnfield. All markers viewed were found to be in satisfactory condition with the exception of one on Salem Street, which had evidently been hit by an automobile. It was thought advisable to have some sort of a marker in the road where the Lynn and Lynnfield line comes to an apex, at the junction of Lynnfield Street and Salem Street.

To the Commissioners of Essex County:
Gentlemen:

The undersigned inhabitants of the Town of Lynnfield respectfully represent that that portion of the way known as Main Street in said town which lies between the Wakefield town line and a point about one-half (½) mile north of Lynnfield Centre at the end of the alteration as made by the County Commissioners in 1929, is unsuited to the present requirements of traffic, and in parts narrow and the lines thereof uncertain, so that common convenience and necessity require that the said way within the limits above named be altered or relocated and that specific repairs be made thereon.

Wherefore, they pray that after due notice and a hearing, you may alter or relocate the said way and discontinue any portions thereof which by reason of your action may no longer be required, and that you may order specific repairs to be made on the said way, all as in your judgment may be necessary.

COURT OF COUNTY COMMISSIONERS

April term, A. D. 1930, held by adjournment at Salem.

Ralph E. Cox and others, inhabitants of the town of Lynnfield in said County, by their petition to said Commissioners, represent that that portion of the way known as Main Street in said town which lies between the Wakefield town line and a point about one-half (½) mile north of Lynnfield Centre at the end of the alteration as made by the County Commissioners in 1929, is unsuited to the present requirements of traffic, and in parts narrow and the lines thereof uncertain, so that common convenience and necessity require that the said way within the limits above named be altered or relocated and that specific repairs be made thereon, and pray that after due notice and a hearing, the Commissioners may alter or relocate the said way and discontinue any portions thereof which by reason of their action may no longer be required, and that they may order specific repairs to be made on the said way, all as in their judgment may be necessary.

This petition was entered at the present term, when notice was ordered given to all persons and corporations interested therein, of the time and place, when and where the Commissioners would meet for the purpose of viewing the premises and making such order in relation to the prayer of said petition as by law they may be authorized to do, as by their order of notice on file and of record will more fully appear.

And at the present term the County Commissioners did adjudge that common conveniences and necessity, require that specific repairs

be made on said way from the end of the macadam roadway built in 1929 southerly about forty-six hundred fifty (4650) feet to a point beyond Chestnut Street, and thence said petition has been continued to this time and now the said Commissioners make return of their proceedings in the matter as follows:

At the time of the view upon the petition for alteration, etc., to be made on said highway no person interested having objected, we the County Commissioners for said County did proceed and order specific repairs to be made on said road in manner following, viz.:

The inhabitants of Lynnfield, in which town said way is laid, shall on or before the first day of January A. D. 1931, build a bituminous macadam roadway from the end of the macadam roadway completed in 1929 southerly for a distance of about forty-six hundred fifty (4650) feet, said macadam roadway to be at least (20) feet in width and at least six (6) inches in depth, properly crowned and graded and provided with proper shoulders and they shall make necessary provisions for sub-soil and surface water and erect guard rails wherever necessary and complete the said road so that the same may at all times be safe and convenient for travel, all to the reasonable directions and requirements and to the acceptance of the said County Commissioners.

And the Commissioners acting under authority of Section 16 of Chapter 82 of the General Laws will reimburse the town of Lynnfield in a part of the cost of the work herein authorized.

And the petition in so far as it relates to further specific repairs and to alteration or relocation, etc., of said way is left open for further action.

In Testimony whereof, we have hereunto set our hands this 24th day of June in the year of our Lord, One thousand nine hundred and thirty.

ROBERT H. MITCHELL,
RAYMOND H. TREFRY,
FREDERICK BUTLER,
County Commissioners.

Essex, ss. Court of County Commissioners, April term, A. D. 1930

The foregoing report is filed and accepted and thereupon it is ordered that the same be recorded and that all things therein ordered be done and performed accordingly.

TOWN OF LYNNFIELD

MASSACHUSETTS

Year Ending December 31, 1930

SCHOOL COMMITTEE 1930

Clarence A. Studley, Chairman . . .	Term expires 1931
Louis B. Tuck	Term expires 1932
Elizabeth Deans	Term expires 1933

REPORT OF THE SCHOOL COMMITTEE FOR 1930

There have been twelve meetings of the School Committee in conjunction with the Superintendent during the past year, with practically full attendance at each meeting. These meetings have been held at the school houses and have been open to the citizens of the Town.

The annual meeting of the Superintendency Union No. 47 was held at the James Putnam Home, 42 Summer St., Danvers, and was attended by all members of your School Committee.

The annual Conference on School Hygiene was held at Salem Normal School on December 12, 1930 and was attended by your School Committee member, Miss Elizabeth Deans.

We were confronted during the past year with the filling of a vacancy in the teaching staff at the Center School, and two vacancies at the South School. We feel that we have been fortunate in securing new teachers who fit into our system so readily.

The school children participated in the Decoration Day Exercises and also the Tercentenary Exercises on the Common. We wish to thank the G. A. R., the American Legion, and the P.-T. A.'s for their co-operation in the various activities.

The Graduation Exercises on June 25, 1930, in which there were twenty-three graduates from the Grammar Schools were conducted at the Town Hall. The children of the schools presented to Congressman Charles L. Underhill, who delivered the address at the Exercises, a painting of "Old Ironsides". The cost of this painting was taken care of by the school children themselves, who earned the money by giving various kinds of entertainments and sales.

We found that while the construction work was being done on Main Street, we could procure filling from this job at a very low cost, and felt it was advisable to purchase what filling we could to use in the South School yard. We also had considerable filling placed in the Center School yard. We believe, if work on Main Street is continued in 1931, that we should procure more filling to take care of covering the proposed drain at the Center School, and also the remainder of the filling necessary at the South School. We also found it necessary to put in some lally columns at the Center School to support the flooring.

The lighting conditions of the South School are not up to standard, and we believe that the State Inspector will no doubt require considerable alteration at this school in the near future, not only to the lighting system, but to the fire escape which at present is made of wood.

An expense not anticipated was the fixing of all drains and the roof at the South School.

We recommend that the Center School be painted this year, and also that provisions be made for the painting of the South School next

year, as we feel that by doing this painting on a schedule of every three years, it will save considerable money.

We also have an additional expense of $1000.00 a year for transportation of High School pupils. It was necessary to put on an extra bus at Lynnfield Center as one bus could not handle the number of additional pupils in attendance at Wakefield High School. We are however, still in the position of having the expense of transportation refunded by the State to the Town of Lynnfield. Reimbursements by the State to the Town of Lynnfield on School Expenditures, during the year 1930, are as follows:

Industrial School	$ 42.45
Tuition	247.60
Superintendency Union	483.33
Transportation	3,923.20
Income Tax—Educational	1,680.00
Total	$ 6,376.58

Respectfully submitted,
CLARENCE A. STUDLEY,
Chairman.

SUPERINTENDENT'S REPORT

To the School Committee,

Dear Madam and Sirs:

Herewith is submitted my eighth annual report as superintendent of your schools.

ENROLLMENT

Attention is called to the fact that there is a steady growth in enrollment in the elementary schools as well as in the number of tuition pupils at secondary schools. If the enrollment in elementary grades continues to increase during the next three years as in the past there will be need of an additional room at each building.

BUILDING

The addition of one or more rooms at either or both buildings would be very unwise.

Within the past three years representatives from the State Department of Education made a survey of the school needs of Lynnfield. If the recommendations arrived at following this survey were carried out the following results would be accomplished.

1. Sufficient room provided for grades one through six in present school buildings.
2. Better educational opportunities to meet present day demands for pupils of grades seven and eight.
3. Maintenance of a high school in town.
4. Decrease in transportation costs.

TEACHERS

Since January, 1930, several changes have taken place in our teaching force.

At the Center School Miss Beatrice Mitchell has replaced Miss Althea Robinson who resigned to be married.

At the South School Miss June Tilton accepted the position made vacant by the resignation of Miss Emma Williams who went to the Stamford, Connecticut School System. Miss Ruth Rand was secured to fill the position of Miss Laila Pollard who went to the East Orange, New Jersey, School System.

As much as we regret to lose our teachers to other systems it is a source of pride to have them go to the best of school systems when leaving Lynnfield. Because of this fact we are always able to attract to our system teachers of successful experience.

PROFESSIONAL IMPROVEMENT

We not only endeavor to secure teachers professionally well qualified to carry on the work of the classroom but we also make it possible for them to obtain the latest methods for teaching the several subjects.

A course of eight lectures dealing with "The Modern Tendencies in the Teaching of English" has been taken by seven of the teachers employed during the last year. One teacher has been enrolled in an extension course while another has pursued summer study. A visit to our classrooms will bring to the attention of the visitor several of the methods teachers have obtained at such courses.

HIGH SCHOOL PUPILS

At the present time eighty-six of our pupils are enrolled at Wakefield High School; two are enrolled at the Lynn High School and two are enrolled at the Essex County Agricultural School.

A study of the ranks issued our pupils at Wakefield High at the close of the first ranking period shows the following facts.

1. Nine pupils won place on honor roll.

2. Fifty-eight per cent of pupils passed all subjects; thirty-one per cent had failures and eleven per cent had incomplete records.

3. There were 8.7 per cent failures in the 425 class subjects.

4. The per cent of failures under the several subject groupings is as follows:

Language 6	Social Science 12
Mathematics 22	Science 4
Industrial Arts 0	Commercial 15

Conclusions to be drawn from above are that a fair proportion of our pupils is gaining place on the honor roll and that a very satisfactory group is carrying the work without failures.

The per cent of failures of all subjects taken is within the range of seven to ten per cent which obtains in many secondary schools.

It seems unnecessary to expect so high a per cent of failures in such groupings as Mathematics, Social Science and Commercial. It would seem that a reasonable amount of study with assistance which may be secured would assure most pupils of a passing mark and greatly improve the general average of our high school group. In case of a pupil's failure the parent should confer with the instructor to learn the reason for the failure and recommendations of instructor that marks may be improved.

SCHOOL ADMITTANCE

Of the ten pupils below the age of admittance whose parents brought them for the pre-school examination four passed with marks sufficiently high to warrant their admission. The work of pupils admitted by examination compares favorably with that of pupils admitted by age.

APPRECIATION IN MUSIC AND ART

The average citizen is frank to acknowledge that he cannot appreciate the great masterpieces in art any more than he can appreciate the great masterpieces in music.

The reason for such lack of appreciation is largely due to the fact that we are constantly brought in contact with second class, rather than first class material. For several years music appreciation has been taught in our schools as a part of the regular music course. Doubtless wherever there is a radio in the home parents have noted the interest manifested by children when a familiar opera comes in over the radio. These same children, through no fault of their own, would not have shown their interest in the operatic selection had not they been trained to appreciate the best of music in the schools. Thus we have come to

realize that it is as valuable or possibly even more so for our pupils to learn to listen to the masterpieces than to participate in the mechanical rendition of musical selections.

What has been done to build up an appreciation of music will in a like manner be done to teach an appreciation of art.

During the year there has been adopted a course in Art Appreciation for use in the several grades. This course is conducted by the art instructor as a part of the regular art course. As this course extends throughout the eight grades there will be established certain appreciations in Art which should be of inestimable value to the pupils throughout life.

ATTENDANCE

Due to the general excellent health of our pupils and their interest in maintaining a high per cent of attendance for their classrooms we find that the per cent of attendance for the entire school system for the school year closing June 1930 was 94. Over the above period of time there were only 188 tardy marks.

SAFETY FOR PUPILS

Provisions of suitable sidewalks for our pupils to use going to and from school in order to keep them off the travelled highway is doubtless the best investment which can be made for the safety of the children. Where no sidewalk or even a poor one is found the children are driven by necessity to use the highway and thereby subjected to the possibility of being the victim of a hit-and-run automobilist. The life of one child is of more value than the cost of providing suitable sidewalks for the entire town.

It is hoped the citizens of the town will be generous in their support of any reasonable program of sidewalk extension promoted by the highway department.

READING AND PENMANSHIP

In my last annual report it was stated that new systems for teaching reading and penmanship had been adopted. After use of both for a year and a half I am convinced that no mistake was made in the selection of systems adopted.

Results have fully met my expectations up to the present time and yet I feel that we may look forward to the attainment of even greater results in both subjects if continual application of methods is followed over a period of years.

CONCLUSION

In concluding this report I wish to express to the citizens of Lynnfield, to the teachers, to the members of the Lynnfield School Committee

my appreciation of the splendid co-operation accorded me in providing for the educational needs of the boys and girls of the town.

Respectfully submitted,

JOHN D. WHITTIER,
Superintendent of Schools.

Dec. 31, 1930.

REPORT OF THE SCHOOL NURSE

To Superintendent of Schools,
Dear Sir:

I herewith submit my sixth annual report as school nurse for the Lynnfield Schools.

GENERAL PROGRAM

The health program consists of home visits, clinics, clerical work, health talks in lower grades, general inspection for personal cleanliness and follow up work on defects.

CONTAGIOUS AND COMMUNICABLE DISEASES

We have been rather fortunate in not having any serious epidemics. The reason for this is that a careful check up on all children in the school is frequently made. In suspicious cases it is recommended that child be taken to see the family physician when excluded from school.

A certificate from a physician must be presented to the teacher before any child may be readmitted having had any contagious or communicable disease.

The total number of contagious or communicable diseases is as follows:

	Centre School	South School
Measles	2	23
Whooping cough	9	6
Scarlet Fever	2	1
Impetigo	4	3
Ivy Poison	12	0
Dog Wood Poison	1	0
Chicken Pox	0	2

HEALTH DAY

Annually during May or June a day is given to making a general survey of the health program in the schools. Simple health plays are given on this occasion and tags provided by the Department of Public Health are distributed. During the past year great stress was laid on the Physical Fit Tag. In order to receive this tag the child must have a Certificate signed by a dentist and a negative physical examination by the School Physician.

The total enrollment in June was 119 at South School and 109 at Centre School. Total number of tags awarded was:

	Centre School	South School
Physical Fit Tags	48	18
Dental Tags	58	31
Posture Tags	83	72
Weight Tags	100	90
Improvement Tags—Weight and Posture	30	34

PHYSICAL EXAMINATION

As usual in June, parents having children entering school the following September, were requested to have their children vaccinated during the summer months. Home visits were made in June to talk with parents having children entering school in September. They were given a Physical Health Card to have filled out by their family physician or asked to attend the Pre-School Clinic where the School Physician, Dr. Freeman, examined those children attending the clinic.

Using this method many defects found are corrected during the summer months.

In September or October the School Physician, Dr. Freeman, examined all children attending school.

RESULT OF PHYSICAL EXAMINATION

	Centre School	South School
Defective Tonsils	21	17
Defective Teeth	15	12
Defective Heart	1	2
Defective Eyes	10	13
Defective Ears	4	1
Swollen Glands	4	3
Underweights	12	19

IMMUNIZATION

Diphtheria is one of the dreaded diseases of today. Therefore, we are urging all parents to have their children immunized against diphtheria. I hope it will be possible to have this taken care of through our Lynnfield schools in the near future.

CORRECTIVE WORK

Parents are notified regarding defective tonsils, etc. Home visits are made by the nurse encouraging the parents to have the defects corrected. This year, to date, fifteen children have had defective tonsils removed. Many parents have also given much attention to the dental work needed as the number of Dental Certificates issued children in June showed.

MISCELLANEOUS

Number of home visits	112
Number of clerical work hours	90
Number of first aid dressings	14

I sincerely hope that parents having children attending the schools in Lynnfield will feel free to make suggestions or ask advice regarding anything that might benefit their children or our health program in the schools.

In closing I wish to state that there has been a greater improvement in the number of children having defects corrected during the past year than in any previous year. This shows a better co-operation and understanding, between the parents, teachers and children.

Respectfully submitted,

FLORENCE L. STOBBART, R. N.,
School Nurse.

AGE OF ADMISSION

No child will be admitted to the first grade at the opening of school in September, who was not five years of age on or before the first day of April preceding his entrance.

Exception: Pupils not five years of age by April first will be admitted provided that they pass an intelligence examination showing a mental ability of five years and five months. Parents are to make application to the School Committee for admittance of said pupils prior to August twentieth.

Pupils are admitted to this grade only during the first two weeks of school in September unless they have attended school in some other town.

VACCINATION

Children who have not yet been vaccinated will not be admitted to school in September unless they present a certificate from a regular practising physician, stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation, as certificates of vaccination or exemption must be presented at the opening of school to entitle children to admission.

REPORT OF PLANNING BOARD

To the Citizens of the Town of Lynnfield:

In our Annual Report a year ago, we brought to the attention of the people of Lynnfield the matter of possible new school buildings. We believe that some action should be taken immediately to provide increased capacity in our schools.

We understand that the capacity of the South School has practically been reached and that there is not much room for increase at the Center School. Of the two schools the South School is, of course, by far the less desirable for school purposes and, all things being equal, a new and larger schoolhouse should be built to replace the present schoolhouse. On the other hand, if it could be stated with any degree of definiteness that the number of children attending that school would remain practically stationary for several years but that the number attending the Center School would increase rapidly within the next few years, obviously, the need for the new building would be at the Center. Judging the future by the experiences of the past, it would seem probable that the increase would be more rapid at the South School than at the Center as this has been the result heretofore except for a short period some three or four years ago.

An additional element to receive serious thought is the matter of a high school. It is estimated that there will be approximately 110 children from the Town of Lynnfield attending Wakefield high school next year. These figures mean that the number of children attending high school from the town has doubled within the past six years. If the percentage of increase continues during the next six years, it is clear that we shall have within that period to provide a high school; and even if the increase is only as great in numbers, that is, if within that period we have 165 to 170 children attending high school, we shall probably be obliged to provide our own high school accommodations.

It has been suggested that the Town can relieve the pressure upon the two grade schools by building a high school which will also provide accommodations for a junior high school and so take the eighth, or seventh and eighth, grades out of the Center and South schools, thereby providing therein for expansion in the other grades.

Both propositions, that is, the building of a new school to replace the South School and the building of a high school with sufficient capacity to house a junior high school, have advantages, and both likewise have disadvantages. For example: if a high school is built, a very considerable increase in appropriations for school purposes will be necessary, the high school courses of study will necessarily be somewhat limited, and the advantages which our children now receive from the

Wakefield high school cannot be furnished in full by the Town of Lynnfield. The principal advantage to be gained by building a new grade school is that the children attending the South School may have adequate school accommodations and the present unsatisfactory building replaced by a modern structure.

Obviously, there is no occasion for carrying out both projects, first, because the expense involved is beyond that which the town should incur, and, secondly, if the high school is built it will be unnecessary to replace the South School simply on account of crowded conditions as those conditions will no longer exist.

As to the cost of the undertaking, the Planning Board have no exact figures. We are informed that a year or so ago the school board did have something in the way of a plan for a high school building of a size sufficient to accommodate a junior high school and which, we understand, could be built for approximately $80,000. We do not understand that this figure includes the cost of the land or grading or the equipment of the building. To the Planning Board this figure looks somewhat low, particularly having in mind the fact that the new Montrose school addition cost the Town of Wakefield slightly less than $150,000, of which $125,000 was expended for the cost of the building and the balance for equipment of the building and the grading of the land. But whether we adopt the figure of $80,000 or the Montrose cost of construction of $125,000, we have a very substantial figure to consider.

The town should not put up a building, either for high school or grade school purposes unless it is built in a thoroughly workmanlike manner, and in our opinion it should be brick, stone or some similar noncombustible material, and should be as nearly fireproof throughout as is practicable.

Notwithstanding this very substantial expense, we earnestly urge the town seriously to consider engaging in either one or the other of these projects. In any event, undoubtedly a cosiderable time will necessarily elapse before the money is expended and work begun on whichever building it is decided to build. There must, however, be a beginning, and for this reason we propose to insert in the warrant for the annual town meeting an article for the appointment of a committee, whose duty it will be to make a thorough study of the school problem, looking well into the future, not only as it pertains to new and additional school buildings, but to any other solution deemed advisable, and to report their recommendations to the town, to be acted upon at a subsequent meeting.

We are confining our report this year to this one question of school accommodations because we believe that the settlement of this question

is the most important new matter for consideration of the townspeople.

Respectfully submitted,

ERNEST P. LANE,
ALBERT P. MANSFIELD,
CARL H. RUSSELL,
NELSON B. TODD,
H. LOUISE WORTHEN,
Planning Board.

REPORT OF LIBRARY TRUSTEES

To the Citizens of the Town of Lynnfield:

The Library reports for the year 1930 are in the main covered by the respective reports of the Librarians.

This opportunity is taken to express the thanks of the Library Committee to those who have so generously given books and magazines to the Library. Especial attention is called to the donation made by the Camp Fire Girls who, on the discontinuance of their organization, used the balance of cash in their treasury for the purchase of 11 books for the Main Library.

Mention is also made of the bequest of a Trust fund under the will of the late Henry P. Emerson, interest of which will be available for Library purposes upon the death of the heirs.

Bequests of this nature greatly help in carrying on the work of the Library.

Respectfully submitted,

CHARLES PAYZANT, Chairman.
Trustees of Public Library

REPORT OF MEMORIAL DAY COMMITTEE

To the Citizens of the Town of Lynnfield:

The appropriation for Memorial Day, May 30, 1930, $200.00, was used as follows:

Decorating 115 graves semi-annually	$ 50.00
Parade music	110.00
Dinner expense	40 00
	$ 200.00

Respectfully submitted,

T. HAWLEY,
Treasurer of Committee, Lynnfield Post 131, American Legion.

REPORT OF TREE WARDEN

To the Citizens of the Town of Lynnfield:

At the last annual Town Meeting an appropriation of $700.00 was made to take care of shade trees. This amount was used to take down dead trees and to trim up trees where there were dead and dangerous limbs, also some was used to do cavity work. There is still a large amount of such work to be done which is very slow and costly.

There was extra work along Main Street this year because of the construction of the new road. This work could not have been avoided because the limbs were very low. The street trees as a whole look very good, but I hope the appropriation will be much larger so that more work can be done along these lines.

I hope the townspeople will continue to have the roadsides mowed but most earnestly trust they will see that the Moth Department gets the work. Considering the limited amount of money provided for the tree service it surely seems unfair to give this work to another department.

Respectfully submitted,

LYMAN H. TWISS,
Tree Warden.

REPORT OF CEMETERY COMMISSIONERS

To the Citizens of the Town of Lynnfield:

The regular work of caring for the five cemeteries has been continued this last year.

The avenue system in the Forest Hills Cemetery has been greatly improved by completing the long avenue on the Northerly side and by opening and grading (according to the cemetery plan) a cross avenue connecting this with the long avenue on the Southern side of the cemetery.

This has been heavy and somewhat expensive work, but the avenue system in this cemetery is now in good condition.

A plan of the West Cemetery has been located with records complete to the year 1815. The Commissioners are now anxious to obtain facts relative to this Cemetery that will enable them to bring these records up to date.

SETH H. RUSSELL, Chairman.

December 31, 1930.

REPORT OF THE TERCENTENARY COMMITTEE

To the Citizens of the Town of Lynnfield:

The Tercentenary Committee consisted of the following members:
Joseph F. Smith, Chairman.
Archie L. Hayward, 1st Secretary.
Louis B. Tuck, 2nd Secretary.
Dr. F. W. Freeman, Treasurer.

Ralph E. Cox, John Hewes, Annie L. Richards, Geo. W. Peavey, Elbridge F. Gerry, Pamela D. Hasty, Wm. W. Moxham, Thomas E. Cox, Althea Robinson, Albert G. Tedford, John Caldwell, Mrs. Neal Herrick, Nelson B. Todd, Raymond Pearson, John Ward, Geo. A. Cornet, Milledge E. Crouse, Mary F. Bowen, Rev. Raymond Chadwick, Rev. Geo. H Ewing, Clarence A. Studley, Carl H. Russell, Minot Carter, Geo. M. Roundy, Geo. H. Bancroft, Della A. Smith, Hannah P. Lambert, Harriet M. Olmstead, Edna P. Todd, Hattie K. Harvey, Martha D. Mansfield, Hattie Russell.

The Committee decided to hold three days of celebration to commemorate the three hundredth anniversary of the founding of the Massachusetts Bay Colony.

The celebration started Friday, June 18, with the placing of bronze tablets on the several historical places in the town. In the afternoon a pageant was held on the Common by the children. Their splendid efforts were a credit, both to the teachers and themselves. A large

crowd congregated to enjoy the feature, but in the midst of the performance a heavy shower came down and more than dampened the gay scene.

Friday evening, a delightful band concert was given on the Common and drew a record crowd.

Saturday, June 19th, a ball game was held between Lynnfield and North Reading, also sports for the children.

On the evening of the same day we enjoyed splendid orations in the town hall by the following speakers:

Hon. Joseph E. Warner, Attorney General of Massachusetts.

Hon. Fred J. Manning, Mayor of Lynn.

Senator C. J. Haley, of Rowley.

Representative C. F. Nelson Pratt, of Saugus.

These speakers were assisted by Miss Pauline Bealey, soloist and Sibelli's twelve-piece orchestra.

Sunday, June 20, consisted of union church services held in the Town Hall. Old time songs were enjoyed and preachings in accordance with the days of 1630 were sacredly given. A large congregation attended this service and in the afternoon a reception was given to welcome our "Once towns people". Afternoon teas were given by the ladies of the town and people were carried by automobiles to the various historical places in the town.

JOSEPH F. SMITH, Chairman.

REPORT OF SELECTMEN

To the Citizens of the Town of Lynnfield:

We herewith respectfully submit the annual report of the Board of Selectmen, for the year ending December 31, 1930.

The Board, consisting of Ralph E. Cox, Archie L. Hayward and George W. Peavey organized, Archie L. Hayward being elected chairman, and Fred I. Wilkins was appointed Clerk of the Board.

The list of other appointments can be found in the Report of the Town Clerk.

With the desire to give the Town more efficient service, it was thought advisable to appoint Department Heads from the Board, to act in co-operation with the several Departments, and Ralph E. Cox was assigned the Highway Department, George W. Peavey the Police Department and Archie L. Hayward the Fire Department, and we feel the improved service commends the action taken.

Ralph E. Cox was appointed custodian of the Town Hall, and Archie L. Hayward, custodian of Chemical Building in Precinct 2.

In carrying out the vote of the Town at the Annual Meeting, held as of March 10th, and 17th, 1930, acting under Article 42, the Board,

working in conjunction with the Department of Public Works, arranged for the installation of Traffic Lights at the junction of Salem Street and Newburyport Turnpike. The lights have functioned satisfactorily. have made travel at that point much safer, and accidents have been reduced to a minimum.

Traffic By-Laws were adopted at the aforesaid meeting, and they were approved by the Attorney General, August 13, 1930, and after being printed, copies were delivered to each apartment or occupied dwelling in Town.

In accord with the vote of the Town at the Annual Town Meeting on March 17, 1930, 100 chairs for the Town Hall were purchased of the Mahoney Chair Company, and have been put into service.

Necessary repairs were made on the Old Meeting House and the outside of the building was given two coats of paint, which will help to preserve the building and gives it a neat and attractive appearance.

The Main Street reconstruction work was continued as voted by the Town, and several catch basins were built at points where they have been much needed, which seem to assure the disposal of annoying surface water and we feel that the reconstruction work performed is quite satisfactory.

The Department of Public Works recommend the completion of the reconstruction work on Main Street in 1931, and if the Town will vote to appropriate an equal sum for the purpose, the Department of Public Works and the County Commissioners are already to alot the sum of $12,000 each, for the completion of the work, and we recommend that the Town so vote.

While the Main Street reconstruction work was in progress, material excavated, was used for surface work on certain parts of roads where much needed, and with this material a decided improvement was made at the South School grounds, and some improvement was made, at the Centre School grounds.

The duties of the Board of Welfare have increased considerably during the past year, largely owing to the unemployment conditions existing. Several needy cases developed, which required relief and the Board endeavored to handle them wisely and with good judgment.

We wish to call the attention of the voters to a bill passed by the legislature, known as the old age assistance act, which becomes effective July 1, 1931, which requires serious consideration, and the demands upon the Welfare Department of our Town will probably be greater than in any previous year, and it becomes necessary to ask for an increased appropriation for the ensuing year.

We wish to extend our thanks to the Heads of all Departments, all employees, and all citizens who have co-operated with us during the year.

Signed,
ARCHIE L. HAYWARD, Chairman,
RALPH E. COX,
GEORGE W. PEAVEY,
Selectmen of Lynnfield

REPORT OF CHIEF OF POLICE

To the Honorable Board of Selectmen:

Gentlemen:—I herewith submit my report of the Police Department for the year ending December 31, 1930. There have been twenty-seven arrested in Lynnfield by Lynnfield police for the following reasons: Driving under the influence of liquor, larceny, operating without license in possession, vagrancy, non-support and drunkenness.

The Lynnfield police have served a number of summons for out of town police.

In the absence of any report from the State Police I do not know how many have been arrested in this town by the State Constabulary.

An officer has been on duty nights at Lynnfield and another at the Centre. An officer has been on duty also, days during the week around Pillings Pond.

The Lynn Police have been very helpful in several instances.

Respectfully submitted,
ALBERT G. TEDFORD,
Chief of Police

December 31, 1930

REPORT OF FIRE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen: I herewith respectfully submit my report of the Fire Department for the year ending December 31, 1930.

The Department has responded to ninety-six alarms, nine of which were for building fires: fifteen still alarms some of which were for truck and automobile fires: ten false alarms. I am glad to report a decrease in false alarms.

Sixty-two alarms were for forest fires. Forest fires are on the increase and are a source of trouble and oftentimes they are quite dangerous.

I expect to ask the citizens to provide the department with more adequate forest fire equipment. Such equipment is quite necessary if the fire department is to be enabled to cope with the forest fire hazard

Our fire alarm maintenance has cost us considerable more than usual because of street construction and the removal and replacement of so many miles of poles and wire by the Telephone and electric light companies.

Respectfully submitted,

WILLIAM W. MOXHAM,

Chief of Fire Department

December 31, 1930.

REPORT OF DOG OFFICER

To the Honorable Board of Selectmen

Gentlemen: I herewith submit my report as dog Constable for the past year. I have killed fifty-eight ownerless and unlicensed dogs and have investigated several complaints of dog damages.

To the best of my knowledge all dogs in town are now licensed.

Respectfully submitted,

FRED W. BRYANT,

Dog Constable.

REPORT OF INSPECTOR OF SLAUGHTERING

To the Honorable Board of Selectmen:

Gentlemen: I herewith submit my report as inspector of slaughtering for the past year. There has been no slaughtering in town during the year to my knowledge. I have filed all reports with the State Board according to law.

Respectfully submitted,

FRED W. BRYANT,

Inspector of Slaughtering.

REPORT OF INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen·

Gentlemen: I herewith submit the following report for the year ending December 31, 1930.

I have inspected thirty-eight barns where animals are kept and found all to be in good condition.

Respectfully submitted,

ARTHUR W. BRYANT,

Inspector of Animals.

REPORT OF SUPERINTENDENT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen: The past year's work was carried along the same lines as the previous two years. Woodlands were looked over for infestations. The centre part of the town is extremely good, but the south part has several infestations which are medium. These infestations comprise woodland on Walnut Street, Salem Street and the Turnpike. They are being creosoted and if necessary will be sprayed. All street trees were in perfect condition in regards to gypsy and brown-tail moths.

The work is carried on under the Supervision of the State. General conditions throughout the town as a whole are very good.

Brown-tail moth infestations were confined to several webs.

Respectfully submitted,

LYMAN H. TWISS,
Superintendent of Moth Department.

REPORT OF BUILDING INSPECTOR

To the Honorable Board of Selectmen·

Greeting:

In submitting annual report of this department would say that fifty-seven Building Permits have been issued during the year 1930, fees collected and turned in to the Town Treasurer.

Yours respectfully,

GEORGE T. D. BARNJUM,
Inspector of Buildings.

December 31, 1930.

REPORT OF SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen:

Gentlemen: During the past year I put in one catch basin on Summer street and one cover over the brook that runs under the street opposite the Pearson house. One catch basin on Locust street, also relayed the pipe under the sidewalk. One catch basin at corner of Munroe and Salem streets; and one at corner of Grove and Salem streets. There are a few more places that could stand draining and it is hoped that they will be taken care of during 1931.

Essex street had one coat of Tarvia and is in pretty good condition. Summer street was scarified from the South school to a point opposite E. W. Westover's house, also from the Railroad tracks to Main street via So. Common street, the crown being removed. Lincoln Avenue was dug out and relayed with stone and gravel.

The regular patching was carried on on all streets where necessary. Considerable money was spent on Salem street in caring for the shoulders. I would recommend that we put the shoulders in good condition and apply a coat of tar or oil. There is heavy gravel over that street and it is none too wide.

A Baker Snowplow was purchased during the past year and it has worked out to the Town's advantage. We are now equipped to take care of the worst storms.

I think the town should adopt a uniform street sign and as new streets are added put up the regular sign. I hope we can do something in regard to same during 1931.

Respectfully submitted,

MINOT H. CARTER,
Superintendent of Streets.

ASSESSORS' NOTE, EXCISE TAX

All Motor Vehicles, registered for use on the Highways of Massachusetts must be taxed by the local Assessors. In the registration of these vehicles, great care should be taken, that the correct name and address, of the owners, as well as the make, year, type and model of the vehicle be correctly stated on the registration form. As the tax of the vehicle is determined by information furnished from the Registry. Much confusion has been caused by faulty registration. The value of motor vehicles for purpose of Taxation, is determined by the State Com-

missioner of Corporations and Taxation, and is issued to local Assessors yearly. Also the rate of Tax, under Chapt. 60 A General Laws, Mass.

Motor Vehicles, transferred, or discontinued, at any time after registration, are entitled to a refund of Tax, if due notice is filed, with the Board of Assessors. This notice may be in the form of **Certificates of Exchange,** issued by registered dealers, or by Affidavit of the owner, showing the disposal of the vehicle and the date of transfer. Application for refunds must be made within six months of the date of registration, and in no case must the tax be reduced below $2.00 on each vehicle registered.

Respectfully submitted,

WILLIAM W. MOXHAM,
GEORGE H. BANCROFT,
EVERETT B. RICHARDS,

ACCOUNTANT'S CERTIFICATE

I have examined the cash deposits and securities in the various Trust Funds in the hands of the Town Treasurer and find them as stated in the Treasurer's Report.

I certify that the receipts as reported by the Treasurer agree with the books and that the payments, as shown for the various departments, were as stated in the foregoing report.

I certify that the foregoing Balance Sheet of the town as of December 31, 1930 is in agreement with the books, and that it correctly represents the financial standing of the town.

During the year I have set up a permanent record of outstanding debt as provided by the General Laws.

I take this opportunity to thank the various heads of departments for supplying their annual reports promptly, as such co-operation helps considerably in compiling this report. Your attention is called to the fact that I have been unable to publish any report from the Park Commissioners for the past two years.

CARL H. RUSSELL,
Town Accountant.
